

## Why choose us?

**Premium Portfolio**  
Authorized distributor  
of market leader brands

**Technical Expertise**  
Knowledgeable team &  
30+ years experience  
in the business

**Customer Service**  
Dedicated and solution  
oriented customer  
support team

**Supply Chain Flexibility**  
Highly adoptable  
structure to meet  
various requests

## Introducing Avio Workshop: Your Efficiency Partner

**Avio Workshop Vacuum Bagging Kit** is just one of our value-added services that enable our customers to streamline their operations.

These **pre-cut, pre-sealed**, and **customized multi-layered kits** are meticulously designed to match your specific requirements, from measurements to materials.

They contain everything necessary to facilitate the production of precise composite components allowing your operators to get the job done as efficiently as possible.

## What's Included?

- Vacuum bagging films
- Release films
- Breathers & bleeders
- Peel ply
- Thermocouples

Our kitting service ensures precise quantities of products are delivered directly to the point of use, streamlining your unique workflow.

We customize each kit to your specific job requirements. Our kits provide everything you need in one place, allowing your operators to focus on the job at hand.

## Advantages of Avio Workshop Kits

- ✓ Reduce waste
- ✓ Lower cost
- ✓ Eliminate manual errors
- ✓ Accelerate cycle times
- ✓ Elevate manufacturing quality
- ✓ Increase operator productivity

Our kitting service has helped a leading luxury car manufacturer reduce process time, improve production control, and significantly minimize material waste during the manufacturing process.
